

LIA KIM
GRAPHIC DESIGN

HELLO!

I am a graphic designer and illustrator who desires to learn and improve my talents. I am creative, reliable and always do my best in all that I do. I am easy to get along with, outgoing and I enjoy working with people. I enjoy being challenged and I am a problem solver. I am a quick learner and love to expand my knowledge base. My works can be defined by a playful and youthful style, full of details and fresh, soft colours.
